

## NALADHU MALDIVES

*Located on South Male Atoll, a tranquil palm-covered atoll surrounded by a coral lagoon, Naladhu – Maldivian for “beautiful island” – offers a mosaic of timeless moments of seclusion, luxury and serenity. Naladhu is designed to be as familiar as your favourite vacation home by the sea, the Resort captures the spirit of the local Maldivian culture, drawing on the rich traditions of this island paradise.*

Naladhu offers two house types, each offering identical amenities and luxurious comforts, but with two distinct vantage points. Guests looking for their own stretch of pristine white beach will revel in the Beach Houses, each facing the tranquil beach and lagoon side of the island. Meanwhile the Ocean Houses provide an evocative view over the rolling Indian Ocean. Free-flowing spaces allow you to drift from one perfect moment to the next. From the expansive bedroom to the classic, intimate comfort of the dressing room, to the open-air bath, steam room and garden rain shower, out to the private plunge pool and gardens and multi-tiered hardwood deck and dining sala, your house abounds in space, beckoning you to uncover the luxurious surprises around every corner.

As the day begins or winds down – unwind with your choice of luxury spa therapies designed to pamper your body and restore your soul. Spa professionals, trained in Ayurvedic, Thai, Balinese, Western and other holistic healing traditions bring you treatments and therapies to perfectly compliment your Maldives holiday (or honeymoon) experience.

At Naladhu, your dining experience is more than just the food. With endless dining options, and a wide-range of cuisines, you can tailor make every meal. Grilled Maldivian yellowfin on a desert island, or Chianti with roasted rack of lamb aboard a dhoni sailing across an emerald-blue lagoon, you’ll find dining at Naladhu a fantastic voyage through sights, sounds, scents and flavours.
